

NEW

Let's start
SOMETHING BEAUTIFUL!

Turn your sewing ideas into reality with the
HUSQVARNA VIKING® H|CLASS™ 600E Sewing and Embroidery Machine.

H|CLASS™ 600E

Welcome to the HUSQVARNA VIKING® family and to our Swedish values of world-class capability, convenience and innovation.

Creative Capability:

- Substantial embroidery area, 260x160 mm, makes larger designs faster with just one hooping.
- 100 Built-in stitches ideal for quilting, utility, specialty and heirloom sewing; plus, an alphabet and 7mm stitch width gives bolder results.
- Two embroidery hoops and additional bonus software that allow you to use your own images or clip art to create custom embroideries.
- Extra-high presser foot lift, perfect for sewing layers of fabric.

Modern Convenience:

- 250 designs and lettering program with 20 fonts ensure you get started today personalizing anything!
- Six different one-step buttonholes for various sewing applications.
- EFFORTLESS THREADING™ System, automatic built-in needle threader, automatic tension and top loading bobbin all to maximize your sewing ease for fast results.

Inspiring Innovation:

- Easy stitch selection is a time-saver! Settings for length and width are automatically set when choosing a stitch. Settings can be quickly changed for your specific fabric and technique.
- Multiple hooping feature makes it possible to embroider designs up to 480x280 mm. See your large designs come to life!
- Easily customize embroidery designs on your computer screen for a whole world of designs and ideas at your fingertips.

Embroideries make beautiful decorations on blankets and cushions!

Sewing ease with quick results!

Welcome to the colorful world of embroidery with HUSQVARNA VIKING®!

Whether you are a beginning embroiderer who wants the ability to create trendy looks and personalized items, or an avid sewer longing to expand your creativity, the new HUSQVARNA VIKING® HICLASS™ 600E sewing and embroidery machine is for you.

Before

Make personal decorations with enchanting lifelike butterflies and flowers!

More features

USER FRIENDLY PC CONNECTION

- Connect directly to the computer* via USB cable for quick transfer of designs. No additional hardware or cards are needed.
- PC software delivered on USB memory stick.
- USB memory stick will make it possible to work with software without being connected to the sewing machine.

CUSTOMIZE EMBROIDERY DESIGNS ON YOUR COMPUTER SCREEN

- Easily combine designs and add lettering to personalize your embroidery.
- The software includes thread charts with color numbers for the most popular brands of embroidery thread.
- Simply rotate and/or resize embroidery designs to adapt to any project.

PERSONAL STITCH PROGRAM

Combine built-in lettering and decorative stitches to maximize your personalization of projects.

ADDITIONAL SOFTWARE INCLUDED

- AutoPunch™ – Use your own images or clip art to automatically create custom embroideries.
- HyperFont™ – Convert your own computer's Windows® True Type fonts into custom monograms and lettering.
- Editing – Change existing designs and get more control over the auto-digitizing process.

CONVENIENT EMBROIDERY

Accessory storage in embroidery unit and snap-on hoop function makes the process easy.
